

DO YOU HAVE ALOPECIA AREATA?

WOULD YOU LIKE TO BE INCLUDED IN OUR CLINICAL TRIAL?

Soterios is conducting a clinical research study to test a brand new topical cream to treat Alopecia Areata.

We're looking for patients who:

- **have been diagnosed with mild to moderate Alopecia Areata**
- **have had it for more than 6 months**
- **in general good health**
- **18 or older**
- **Not pregnant or breast feeding.
Not allergic to peanut or soya.
Not currently receiving treatment for Alopecia Areata.**

ASK THE DOCTOR ABOUT THE TRIAL
